HOW IT WORKS

1 Set the scene

On the first night, read The Story of Bounce and his welcome letter together. Give your child their Coach badge.

2 Leave a training card

Each night, leave that day's card out (on the breakfast table works brilliantly). No elf toy needed, but if one visits, see the bonus elf pages!

3 Your child coaches Bounce

They read Bounce's mistake, laugh, then show him the right way. Scan the QR code on the card to watch Bounce demo the move!

4 Jingle Jinx time!

You train too, under that day's silly Jingle Jinx. Only proper reps count. Tick who won and add it to the Sleigh Cup chart.

SAFETY FIRST

- Clear a space and move the coffee table!
- Socks off or grippy socks on.
- Adults supervise every move.
- Stop if anything hurts, and adapt moves to your child.
- Little elves: fewer reps is fine. Fun beats perfect.

TIPS

- About 5 minutes a day.
- Two levels on every card: Little Elves (3–5) and Big Elves (6–9).
- Ham up the Jingle Jinx. The sillier you are, the more they'll want to do it tomorrow!
- Print at 100% / Actual size.
